Sub-project

Improvement plan 1-2-5 for sightseeing foreign language (English, Japanese, Vietnamese, Thai)

Results and Highlights:

This project invites Mr. He Weihua to serve as a dual-teacher. Mr. He explains the English dialogues, travel information, travel phrases, and different cultural customs and language habits when going abroad. The content covers a variety of situations when going abroad, for example: what will happen at the airport, customs, hotels, attractions and other places? How to solve the problems of eating, drinking, transportation, accommodation, shopping and so on during the journey? By the projection film and the illustrations with the theme, students can quickly integrate into the local area when traveling abroad and have a good time. This has a very significant effect on improving students' learning English for tourism.
